About Me

I am a graduate of the Materials Science Engineering career at the Juarez University of the State of Durango. I have approximately working on projects with React, React Native and Node JS. I want to continue specializing in these last technologies and thus continue to acquire more experience, always open to learn. I like to work as a team, I like the analysis and problem solving beyond just programming.

SKILLS

- HTML – HTML 5
- CSS – CSS 3 – Sass – Bootstrap
